Residential Tank Protection Agreement

This agreement covers the replacement of the residential fuel oil tank if it leaks due to internal corrosion. The agreement covers only the tank and does not cover any piping, fittings or any other attachments to the tank, loss of oil or removal of dirt polluted by oil or any consequential damage to the environment.

Acceptance of this agreement is conditioned upon tank inspection during the first year of coverage. **NO COVERAGE FOR PRE-EXISTING CONDITIONS.**

This agreement is available to customers who purchase their total fuel requirements from Blue Flame Oil Company. If credit becomes impaired during the life of the agreement it will be discontinued until credit terms have been reinstated.

The agreement is in effect for one year and is automatically renewed at the prevailing rate unless cancelled by either party. No refund will be given if homeowner cancels agreement before anniversary date. Coverage / liability under the plan shall not exceed the cost of a new tank. This agreement is non-transferable.
